Hello, Auckland!

We know how hard it is to find the right venue in South Auckland for your special event, particularly when it comes to technical requirements, capacities and organisation.

But look no further, we have you covered!

Whether you're looking for a small meeting venue, a medium or a large conference venue, we have 11 flexible conference venues and one of the largest hotel conference venues in South Auckland for up to 400 people, that are specifically built to offer your team productive areas where great ideas will have room to grow. Conveniently located just minutes from the Auckland airport terminals on sub-tropical gardens, Holiday Inn Auckland Airport is the perfect place to relax or do business. With a location tucked away from motorway noise and flight paths, we feel worlds apart from the hustle and bustle of the airport and city.

We have 11 flexible meeting rooms of varying sizes with many offering plenty of natural daylight. Organisers and delegates can make use of the unlimited Wi-Fi and state-of-the-art AV facilities available in every function room.

We offer unique breakout and dining spaces that are perfect for networking, debriefing and of course, relaxing, such as our beautiful sub-tropical gardens.

FACILITIES

There are numerous food and beverage options to tickle the tastebuds. Our Executive Chef creates menus and buffets designed around contemporary cuisine that reflects the unique cultural elements of New Zealand. If you want something extra special we can also create personalised menus for your specific taste and budget. Talk to our team about our banqueting options, including BBQs in our poolside garden.

When it's time to unwind from the day's events, guests can head to our brand new Rumpus Bar,

enjoy a swim in the pool or take a relaxing stroll around the gardens. No fishing in the pond though! We even have a 24/7 air conditioned gym with all the gear.

ACCOMMODATION

We have 251 spacious rooms that feature balconies or courtyard access to our beautiful gardens. We know how important a great night's sleep is – so we've gone and added the comfiest mattress toppers and added hard and soft pillow selections.
