So why book us? We're located just minutes from the airport terminals and all major motorways, ideal for delegates travelling from around the country. Don't worry though - we are also tucked away from the noise of

Our secure car park also makes life easy, with the option of staying overnight in our comfortable beds and fantastic facilities, so they wake refreshed and rearing to go for your meeting or event.

It's nice to MEET you...

Meeting Rooms

We have 11 flexible meeting rooms of varying sizes with many offering plenty of natural daylight. Organisers and delegates can make use of the unlimited Wi-Fi and state-of-the-art AV facilities available in every function room.

Our audio visual specialists, Vidcom, can supply all your presentational needs from a data projector to staged events and widescreen presentations. Enquire with us to see our competitive equipment rates.

We offer unique breakout and dining spaces that are perfect for networking, debriefing and of course, relaxing, such as our beautiful sub-tropical gardens.

Accommodation

We have 251 spacious rooms that feature balconies or courtyard access to our beautiful gardens. We know how important a great night's sleep is – so we've gone and added the comfiest mattress toppers and added hard and soft pillow selections. You'll wake up refreshed and ready to take on anything that comes your way.

Facilities

There are numerous food and beverage options to tickle the tastebuds. Our Executive Chef creates menus and buffets designed around contemporary cuisine that reflects the unique cultural elements of New Zealand. If you want something extra special we can also create personalised menus for your specific taste and budget. Talk to our team about our banqueting options, including BBQs in our poolside garden.

When it's time to unwind from the day's events, guests can head to Halo Bar, enjoy a swim in the pool or take a relaxing stroll around the gardens. No fishing in the pond though! We even have a 24/7 air conditioned gym with all the gear.
